

Weingut K+K Kirnbauer

DAS PHANTOM
DAC Burgenland

The K + K Kirnbauer winery is run as a family business. The family winery towers above the roofs of the Blaufränkischland. Here the sun pampers the vines 300 days a year. Together with the heavy soils, the best red wines grow here on the winery's 40 hectares of vineyards.

Harmony of wine and wood is THE philosophy of the house. The company is completely committed to sustainable management: conservation of nature and resources should also enable future generations to enjoy optimal wine-growing conditions.

"Our wines stand for the highest level of enjoyment, Pannonian joie de vivre and are an expression of our identity," says Markus Kirnbauer, summing up the attitude.

TASTING NOTES

Aromatic on the nose and a hint of cappuccino, black cherries & herbal spice on the palate. Very finessed, juicy and fresh with a spicy mint. The youthfully elegant tannins paired with the stimulating acidity create a wonderful balance.
