

Pierre Riffault
LES 7 HOMMES SAUVIGNON BLANC
AOC Sancerre

The Riffault family have been winegrowers for several generations and their vineyards still bear the traces of their grand parents. In 2005 Bertrand joined Pierre to work on the family estate. In 2007 Pierre stepped down and Bertrand took over the estate, but Pierre is still often seen at the winery or in the vineyards.

The vineyards of the Sancerre region are 200 km south of Paris, on the left bank of the Loire River. Here, the landscape, the people, and the quality and diversity of the wines are all exceptional.
