

Le Regge CHIANTI CLASSICO DOCG Chianti

In the ancient heart of Tuscany, the wine estate Le Regge is a very short distance from Greve in Chianti, extending over 18 hectares, located on top of the hill south of Greve. The winery has been owned by the Ferruzzi family since 1989, but the link with this family goes back to the current owner's grandfather, now 93 years old, who cultivated these vineyards in the '60s when the Uzzano Castle owned them. The unique characteristic of Le Regge is its terraced vineyards, supported by ancient dry-stone walls. All winery products are made exclusively from raw materials cultivated inside the estate, picked, and selected by hand.
