

Casa Mariol

GARNACHA BLANCA

DO Terra Alta

Cellar Mariol is a third generation family winery, founded in 1945. It is situated in Betea, Terra Alta, a small region tucked away in the south of Catalonia, where the wine sector is of great significance and bears tradition. The dry Mediterranean climate, mostly calcareous soils and combination of two prevailing winds, the dry north (el cierzo) and moist southeast (el garbi), provide optimal conditions for growing grapes. These factors, along with the esteem for the 50 hectares of vineyards as well as other small farms in the region, allow them to make their wines and vermouths, products that reflect the uniqueness of their territory and people. The clear and strong commitment to sustainable agriculture is how they contribute to the care and protection of the landscape and how they foster their people's roots.

At Cellar Mariol they are dedicated to producing fine single-variety vermouths and wines, in bottles with a very distinct design by German art director, Mirko Borsche.

COUNTRY

Spain

VARIETAL

Garnacha Blanca

SOIL TYPE

Chalky clay and loam

VINEYARD

Hills of Terra Alta
1,800 to 2,500 feet
1500 vines per acre

HARVEST

Manual harvest

VINIFICATION

14 days fermented in stainless steel
Native yeast strains

TASTING NOTES

Pale, almost transparent yellow, clean and very bright. Initial notes of orange blossom and wildflowers. Touches of green apple and citric notes of fresh lemon. Rich, intense and very fresh. Perfect acidic balance giving the wine a prolonged and pleasant finish.
