

Weingut FJ Gritsch

GRÜNER VELTLINER RIED SINGERRIEDEL

D.A.C. Wachau

Dating back to the 13th century, the Mauritiushof was originally used by monks to collect the grapes.

Since 1799 the building has belonged to the Gritsch family who started the tradition of wine pressing. Today this heritage stands as a commitment for the future to cultivate this tradition. Our wines are synonymous with the unique soil and microclimate of each individual vineyard. These special qualities yield great wines that are based not only on the traditional craftsmanship, but also on the unique philosophy of our family.
